architecture, design, contemporary scene, urban design, sociology and philosophy of the city

Dear Friends and Colleagues,

We would like to announce Skopje Architecture Week 2011 in Skopje. This project as already established on the international scene. This would be its 4th consecutive year of existence into the matrix of Skopje City! This festival is seen as an international gathering of renowned architects in Skopje with one major goal: to present the contemporary architecture idea to the Macedonian audience.

In the last 3 years of this festival the accent has been given to the contemporary spirit of the architecture scene in Europe and in the USA. The foreign guests from Chicago, New York, Vienna, Milano, Berlin, Venice, Philadelphia, Madrid, Rome, Tokyo, Zagreb have been discussing and holding lectures on the current architecture streams.

The goal of this international festival of architecture is to gather renowned guests from the architectural world and bring them on podium for one of a kind lecture. Skopje Architecture Week strives to operate through the quantity of information imported from the foreign guests; accumulating and rendering reachable to everyone.

After successful 3 years and the positive critiques from the foreign participants, the organization of SAW puts its scenario on stage again this year! Between the 1st and the 5th of June SAW will present more than 40 lecturers from across many countries in the main auditorium of Dom na ARM in Skopje. The lecturers will give special lectures on diverse number of topics, each in the context of "Supercity" – this year's main theme.

THEME

The term *SUPERCITY* is commonly used when one is about to explain a vast urban agglomeration that is inhabited by millions of people and whose economic, social and cultural impact is significant even on a global scale. The architectural gathering at the Skopje Architecture Week 2011 will try to seek other meanings of the same term, exploring possibilities for future development of the cities, regardless of their scale or global impact factor.

PROGRAM:

Over 40 lecturers from around Europe: Germany, Austria, Croatia, Latvia, Estoni, Belgium, Serbia, Albania, Kosovo, Hungary, Italy, Greece, Bulgaria, Chech Republic and Macedonia will be on stage for this 5 day mega festival for all senses. Among the main program there would be an off fest agenda comprised of exhibitions, debates, professional presentations, film, music and special guests
